Inductrix

DROMIDA

Vista

November 14th

Barney Bauer will be presenting Sailplanes with emphasis on electric power.

He will be displaying his Multiplex Heron to help illustrate his very informative presentation. If you are interested in sailplanes this is one you won't want to miss.

November 21st

Electric Seminar with Brian Bartnick, one of our most popular presentations. Brian puts on a very informative, well illustrated presentation on electric power and how it relates to model aviation.
