Orion Center, 1335 Joslyn Road, Lake Orion, MI

club business, announcements, new members, speaker & Show & Tell

DON'T FORGET TO BRING YOUR ITEMS FOR SHOW AND TELL!

www.skymasters.org

Guest speaker: Rob Wagner, FAA

Robert L. Wagner Front Line Manager at Pontiac Oakland Airport Tower will be our guest presenter for part of the meeting. Please bring your FAA related questions for Rob. We met him earlier this summer when 35 members of our club got a first-hand tour of the Pontiac Control Tower. Many of our members remained well after the tour and he answered all our question and we found it very interesting. Now, one summer into the new FAA guidelines, Rob can share some fascinating information from the FAA point of view and as one who understands our hobby.

Here is a little information about our guest speaker:

I began my career in the US Air Force 30 years ago. I started as a weapons loader on B52 aircraft and cross-trained to Air Traffic Control. I have been an Air Traffic Controller for the past 26 years and the Operations Supervisor at Pontiac Tower for the past 8.5 years. Along the way I have worked in multiple towers and radar facilities and Automated Flight Service stations prior to their contracting out.
